Three well dressed men are arrested to after further fight and are believed to be members of the dynamite and bomb gang found in their room.

Los Angeles auto driver breaks world's record for fifty miles in stock car at Ascot Park, driving the distance in 1 min. 58 sec.

Mr Trotter, head of Union Rescue Mission, tells reform work to crowd that great Tremont Auditorium and declares that in fame are not associated ten Los Angeles.

Aged Glendale flower vendor is struck by auto truck at Seventh and Hill streets and probably fatally injured.

Bromberg, one, picked up by fender and sustained only slight scalp wound and bullet.

Tanner Lee, Los Angeles couple round out 30 years of married life without a quarrel, and celebrate anniversary.

Thousands of all classes, including incomes of Whittier refuse offer of two and half million dollars for property.

Business California.

None of big white robes in Pasadena seems to be doing "touching" by

in Glendale rancher risks life to see another who was helpless from poison in upper story of burning house.

Mrs. Emily L. Hill, president of the Cook County Woman's Christian Temperance Union, will urge Sheriff Christopher Strassheim tomorrow afternoon to rededicate himself to the arrest of the ringleaders on charges of conspiracy.

These charges are to be brought under the common law, which, in effect, declares that it is conspiracy for two or more persons to conspire together, either, to do a lawful thing in an unlawful manner or an unlawful thing in a lawful manner.

From their meeting place at Willard Hall the women will go to the County building and, in the Sheriff's office, present their demands for a strict enforcement of the State laws governing immoral houses.

Sheriff Strassheim spent a part of today at his office preparing a reception speech for his visitors.

"I think I'll be able to get away with it," he said. "Of course I don't know what demands you are going to present. They will find me willing to enforce any laws on the statute books."

DETERMINED.

STUBBORN BERLINERS CLASH WITH POLICE.

(ASSOCIATED PRESS NIGHT REPORT.)

BERLIN, March 6.—Serious conflicts between the police and Socialists, in which many were wounded, were the outcome of the most impressive open-air demonstration in Berlin and other cities of Prussia today against the suffrage bill.

It is estimated that in Berlin alone 120,000 persons took part in what was called "demonstration stroll" in various parts of the city.

The Socialists leaders this morning quickly passed the word to their followers to proceed to the other end of the city. These instructions were obeyed by 30,000 manifestants, who succeeded in accomplishing the "stroll" almost undisturbed, while the others who remained around the park came into various collisions with the police. The police, in the most of the cases, acted with the utmost moderation.

The police being sparsely represented, could not cope with the vast crowds which, however, dispersed peacefully at 4 o'clock.

When the Emperor and Empress drove in their automobile through the Tiergarten, a little later, it was virtually deserted.

The elevated trains and street cars brought additional manifestants to Treptow Park, where thousands moved about in a harmless manner until about 2:30 p.m., when a message came that a successful "stroll" was going on in the Tiergarten.

There could be no better instance of Platt's skill in persuasion and manipulation of the irony that mocked his ripest wisdom. McKinley was shot, Roosevelt became President and the days of Platt's domination in the Senate faded into oblivion.

His body, which declined rapidly, he made a second marriage which ended in the courts and he was sued by May Wood, formerly a clerk in the government employ, for a divorce on the strength of a third marriage, never proved to have taken place.

With Conkling, which was not exceeded in public interest, say the newspaper files of the day, by any event in the Civil War, was as follows:

Platt was elected to the Senate in 1881. He and his colleague, Conkling, became embroiled with Garfield in a bitter controversy over the appointment of the steel superstructure had been smashed in, the smoking-room partly wrecked and several timed flooded, sections of the rail crushed an entire glass of the port holes beaten into splinters.

A couple of passengers had been struck by a flying sea, and Albert, the genius of the smoke temple, was knocked down and rolled along the deck.

The liner was a day late, for on Monday and Wednesday Capt. Mauri had to reduce speed. For five days La Lorraine was charged by waves that attacked her head-on.

PASTOR IS ASSAULTED.

On Way to Church Tabacconist Hit Him in the Face and Breaks a Rib.

(BY DIRECT WIRE TO THE TIMES.)

RADUCAK (Ky.), March 6.—Renee

Dispatch] Dr. M. E. Wood, pastor of Raducak's fashionable First Methodist Church, was severely beaten yesterday by Charles Graham, a prominent tobacco broker, while on his way to Sunday-school with a Bible in his arm.

Graham was knocked down by blows to his face and a rib on his left side.

His Bible was trampled on the floor, Graham gave a bond for damages in court next Thursday.

A recent revival, Dr. Wood said, had caused him to sing in the organ, his wife sent in her name, the minister said she was not divorced from her first husband, consequently he could not sing.

FINANCIAL REVIEW.

BANKS TAKE BOND ISSUES.

Number Placed Is Feature of Last Week.

Railways Are Ordering Much New Material.

Sudden Contraction Marks Pig Iron Market.

ASSOCIATED PRESS NIGHT REPORT.

NEW YORK, March 6.—The notable feature of the financial markets of the last week was the large number of new bond issues sold to the great banking houses, and by them, offered for public subscription.

Reports of large orders for new equipment, particularly dredges and details of extensive designs for improvements revived confidence in the maintenance of industrial activity.

The new bond issues were sold at prices that show the necessity for attractive terms to enlist new capital. The yield on highly secured bonds is now higher than in the current interest rate on long loans.

Special efforts are made to secure foreign subscriptions for the new bonds, and here again a low subscription price is necessary to success.

The sustained volume of merchandise imports is not yet overwhelmed by any expansion of exports and foreign buying of our securities seems to be the only alternative to a substantial outflow of gold from New York.

Speculative markets are keeping a close eye on crop news. Reports persist of large winter damage to wheat in the Southwest, but these are accompanied with reserves. Estimates of the large crop of last year's crop is a modifying factor.

Reports of improvements in the steel trade are supplemented by favorable copper statistics. The decline in the March 1 visible supply of copper in the first in many months, was given special significance by the large exports that have come forward from this country to the same period.

Demand for copper has been stimulated among consumers.

Curtailment among cotton mills was general by reason of the high price of cotton.

IRON AND STEEL.

There was a sudden and sharp contraction in the volume of business in pig iron in the eastern district last week. With the exception of Pittsburgh and distributive centers reported light sales.

In the East, 4,000 tons of foundry grades were sold, but in the Central West about 40,000 tons were placed under contract, including 30,000 tons of heavy castings, 1,000 tons of wire rods, 10,000 tons of sheet and 10,000 tons of foundry grades of steel works and radiator and electrical equipment manufacturers.

In flat-top steel had been placed a larger volume of orders than had been placed in previous months. The most satisfactory branch has been structural steel, both plain and fabricated. Orders for structural steel have been during the last few days of February in sufficient amounts to bring up the tonnage for the month to 160,000 tons, and the prospect is that March will be equal to or greater.

In the last week railroads have put out more inquiries for dredges, placing orders for about 6000 tons, and received bids for 15,000 tons additional.

Rail construction has been at 2,000 tons, including 10,000 tons for Alaska. Additional orders have been placed for 1200 cars and 10 locomotives, and electric interurban cars made for 1500 tons and 200 locomotives. Railroad and car shops have placed orders for 5000 tons of plain structural shapes.

NOVELIST IN SANATORIUM.

Margaret Horton Potter Has Nervous Breakdown Under Strain of Her Literary Work.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, March 6.—[Exclusive Dispatch.] Mrs. John D. Black, known as Margaret Horton Potter, the novelist, who has been writing her latest novel, "A Social Lion," created a sensation in Chicago. This was written while Mrs. Black, the daughter of late Dr. W. H. Potter, vice president of the Illinois Steel Company, was only 15 years old. It appeared under the pseudonym, "Robert Dolly Williams."

A series of stories that she has written since, most of them dealing with subjects similar to those treated in the first. Along with appreciations of the writer, the book has been well received.

The Detroit Public Library refused to admit one story, "The Golden Ladder," which appeared two years ago.

FILLED WITH SQUIRREL SHOT.

City Marshal Wayland and Badly Wounded—Several Negroes Are Under Arrest.

(BY DIRECT WIRE TO THE TIMES.) ARKANSAS CITY (Ark.), March 6.—[Exclusive Dispatch.] City Marshal Thomas Hudstell was waylaid and shot by some unknown person last night. Hudstell had just made the rounds and walked up in front of the Valley Hotel, where a bright light was shining when some one, secreted in the darkness of box cars, fired a load of No. 6 squirrel shot at thirty-six of which took effect in Hudstell's back.

The general supposition is that the shooting was done by some negro whom Hudstell had arrested. A half dozen negroes were arrested and placed in prison to await trial.

Hudstell's wounds will not prove fatal.

SCHWAB REBUFFS STRIKERS.

BETHLEHEM (Pa.), March 6.—President Schwab of the Bethlehem Steel Company today refused all the demands of the striking steel workers. Instead of the strike being called off, the Executive Committee of the strikers, he had his decision published in a special edition of a local newspaper.

To Visit San Francisco

without seeing Andrew's Diamond Palace would be like visiting Europe without seeing Paris. It is the most beautiful jewelry store in the world. The visitors are welcome. Established 1868. 50 Kearny street.

PHILADELPHIA STRIKE.

(Continued From First Page.)

Reburn in upholding the police has had much to do with keeping down lawlessness. Orders have been obeyed implicitly, and with alacrity. We have maintained through the city twenty-seven flying squadrons, or emergency stations, with fifty or more policemen at each, and with automobile to carry them to the scene of disorder in any part of the city or its 650 miles of trolley track, in less than five minutes. Thus, before a disturbance reaches the police, they are in control of a riot, we have the men on the scene of the riot. The rapid action of the District Attorney's office and the courts, and the severe sentence imposed upon riot leaders, have materially aided in the preservation of order.

The turbulence of the night came as an unwelcome shock to the hopes of the authorities that a Sunday was to pass without serious disorders. This hope had been fostered by the day's aspect, which, in itself, had been surprising, as trouble was anticipated because of the general sympathetic strike.

Until the disorders, which came with the fall of darkness, the developments of the day had been unimportant.

Conflicting claims still continue as to the number of men who had responded to the general strike call, and the result seems now more difficult to obtain.

The strikers' Committee of Ten, in charge of the strike movement, claims that 150,000 persons in the various branches of Philadelphia's widely diversified industries have left their employment to demonstrate their sympathy with the car men's cause and help them with their fight.

Figures gathered by the police department, however, are cited by Director of Public Safety Clay to support his previous claim that not more than 20,000 men struck.

Prominent Mexican DEAD.

E LAPSO (Tex.) March 6.—Hon. Lauro Carillo, member of the Mexican Congress and former Governor of the State of Chihuahua, died at a hospital today, aged 64. He came here from Mexico four days ago for treatment.

BRITISH MINISTRY CHANGES.

LONDON, March 6.—In consequence of the resignation of Sir John Charles Bigham, president of the probate, divorce and admiralty division of the high court of Justice, the following changes in the ministry are announced.

SIR SAMUEL T. EVANS, Solicitor-General, will succeed Sir John White. Rufus Daniel Isaacs, member for Reading, will become Solicitor-General. The retiring Justice will be elevated to the peerage.

PRIMROSE MEXICAN DEAD.

E LAPSO (Tex.) March 6.—Hon. Lauro Carillo, member of the Mexican Congress and former Governor of the State of Chihuahua, died at a hospital today, aged 64. He came here from Mexico four days ago for treatment.

THEATRE FIRE MENACES MANY.

EAST ST. LOUIS (Ill.) March 6.—The miners of the coal mines in all parts of the country, including women and children, had narrow escapes in a fire that gutted the Avenue Theater, the city's largest playhouse tonight. As far as known, no lives were lost. The building was destroyed.

STRIKERS BOASTFUL.

The strikers' Committee of Ten issued the following statement tonight:

"The second day of the general strike finds labor's force militant, with nearly every organized worker on strike, and the strike is spreading to all branches of labor.

"The strike is a struggle between the miners and the capitalist class.

SIX COUPLES WIN IN TOTTER.

AVIATOR SEES SERIOUS SIDE TO ORIENT'S INTEREST IN AIR CRAFT.

(BY DIRECT WIRE TO THE TIMES.)

Break Marathon Dance Record and Collapse.

Oz Girl Finishes Strong on Strichine.

Another Goes Twelve Hours With Broken Toe.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, March 6.—Six men and six women, tottering to collapse from sheer exhaustion, their feet blistered and the muscles of their legs and backs swollen, danced all through the hours of the night in a hall here, and when they finished this morning, had broken the world's Marathon dance record of 14 hours and 41 minutes by one minute.

When a half was called they were carried to a nearby hospital, where they are now under the care of physicians. They will divide a purse of \$10 among them. The names of the dancers are as follows:

Mr. and Mrs. J. H. Hartman, Mr. and Mrs. A. E. Brantley, Miss Adele E. Gerlach and H. E. Heath, Mrs. Sophie Gubert Michel and Robert W. Finch, Miss Ada Finnigan and Elmer Parsons.

None of the contestants had trained for the event. The dances began at 10:30 o'clock last night and finished at 11:30 this afternoon.

Miss Finnigan, who showed signs of collapse twenty minutes before the finish, gave an injection of strichine, which revived her, and she finished strong.

Miss E. Welch danced twelve hours, although one of her toes had been broken.

(ASSOCIATED PRESS NIGHT REPORT.)

SACRAMENTO, March 6.—A number of sailors were recovered from the wreckage of Rogers Pass, forty miles east of Revelstoke, where an avalanche buried sixty-two workmen engaged in clearing the Canadian Pacific tracks of wreckage brought down by an earlier slide.

Twenty-two of the bodies recovered are those of white men, the others Japanese section men. The local officers of the Canadian Pacific adhere to their estimate of sixty-two dead. They say they have carefully checked the lists of employees, and that the number given is correct.

Fifteen workmen are at work clearing away the wreckage and the railroad officials expect to have the line open by tomorrow night.

The danger of other slides is imminent, and the men have been falling and tonight a fearful snowstorm is raging. The wind blows through the pass with terrific force, and the workmen are greatly hampered in their work.

The passengers on west-bound express No. 97, which is held at Field, have been caught between two slides, and which occupied the same fat as that which took the passengers caught in the Great Northern disaster at Wellington, Wash., last Tuesday.

The train, carrying more than 160 passengers, had stopped about a point and a half distance east of Field station, when an avalanche swept down the mountain, burying 1000 feet of track under twenty-five feet of snow and debris.

(PINHEAD SCORES CARNEGIE.

(ASSOCIATED PRESS NIGHT REPORT.)

Callis Steel Magnate "Soul Set of Philanthropy" and Graft Prosecutors "Reptiles."

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, March 6.—[Exclusive Dispatch.] A conference will be held in Washington next week between Adm.-Gen. Lauck and the Secretary of War in relation to matters of military importance affecting California. Lauck left for the East on his mission today, and a number of details concerning the naval militia of California will be dealt with, as will be questions concerning a number of unsettled claims.

Lauck said today that during his stay in the East he and his wife will visit a number of cities and arsenals in order to get information for buildings of the kind in this State. Gen. Lauck will likely go to the West Coast, where he has been invited for a number of delegations for armories.

He will meet with the National Guard officials in the East. Gen. Lauck will be succeeded in Sacramento by a new society, called "The Association of American Officers," which is to be its purpose the bringing together of the officers of the National Guard of the United States, and for representing the interests of the service.

The movement toward the formation of this society has been started in the East, and it is heartily welcomed by Gen. Lauck.

(COURT ASKS FOR PARDON.

CRIMINAL HAS FATAL DISEASE.

WE DIRECT WIRE TO THE TIMES.]

SACRAMENTO, March 6.—[Exclusive Dispatch.] Major J. McCarthy relieved himself of some very uncomfortable symptoms today in regard to the school board. Andrew Carnegie and others, in a speech at the dedication of the Hancock Grammar School, Rev. Father Caraher, in a speech said that the school board was the soul of the school system, drifted into the matter of the Philadelphia street car strike, and said that he hoped Mayor McCarthy would see that the Carnegie in this city were organized before his term expired.

To this Pinhead replied that it was rather a hazardous task, while the "reptiles" now in office refused to do anything in the graft cases.

Pinhead referred to Andrew Carnegie, who had tried to use his conscience by giving away libraries.

"But when God, his offer to give a library to San Francisco has not been accepted and never will be," he said.

He has been shipped to San Francisco next Tuesday. Dr. Ollila will take the pony with him to Japan. The men who wanted to show they had been coming burglarly while murder was afoot in order to escape conviction for a number of which they were accused.

MUST PAY FOR SILK ROBES.

Long Squabble Over Bills for Judicial Habilitments Settled by Counter-Coupling Up.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, March 6.—[Exclusive Dispatch.] A State-wide movement for the abolition of public drinking cups was started by the State Board of Health today. The board will call a civic, commercial and health bodies throughout California to take up the movement by asking for bubbling drinking fountains in place of disease-bearing cups.

Many other States and most of the eastern cities have anti-cup laws. The movement will probably be placed before the next Legislature.

The board is taking up the serious problem of stopping construction gangs from polluting the water supply of Rocklin, Loomis, New Castle, Pennyrile, and Roseville. Unsanitary drainage pipes have caused much typhoid in these places.

During the session of the board advances came from Riverside saying that San Bernardino is taking action to prevent the pollution of Warm Creek, from which Riverside gets its water supply. So action was deferred on this subject.

The cold storage egg question was not decided today, because additional evidence will be gathered until then.

It is finally decided that storage eggs must be labeled, showing that they are being preserved by means of refrigeration.

HUGE CROWDS SEE AVIATOR.

BETWEEN 50,000 AND 75,000 PORTLANDERS TURN OUT TO VIEW HAMILTON'S SUCCESSFUL FLIGHT.

(ASSOCIATED PRESS NIGHT REPORT.)

PORTLAND, March 6.—[Exclusive Dispatch.] An aviator has been received from the Attorney-General's office by Dr. F. W. Hatch, Superintendent of State Hospitals, casting doubt upon the constitutionality of a law passed at the last Legislature providing for the sexualization of certain inmates of the State prisons and insane asylums.

THE LEGALITY QUESTIONED.

ASEXUALIZATION LAW.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, March 6.—[Exclusive Dispatch.] An aviator has been received from the Attorney-General's office by Dr. F. W. Hatch, Superintendent of State Hospitals, casting doubt upon the constitutionality of a law passed at the last Legislature providing for the sexualization of certain inmates of the State prisons and insane asylums.

EASTERN AERIAL PLANS.

HARRISON HEAD OF STATE POSTMASTERS.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, March 6.—

Postmaster Harrison of Los Angeles was chosen president of the California Postmasters' Association at a meeting of the Executive Committee of the organization today, vice Motley Flint.

The new president will hold office for the remainder of the term, which expires at the convention to be held in Santa Cruz, June 14, 15 and 16.

VIOLENT.

JUDGE HANFORD'S SON IN CELL.

YOUTH UNDER DELUSION HE IS DIVINITY ITSELF.

Also Thinks He Has Committed Crime—Takes Two Patrons to Overpower the Grand Athlete. Wounded Brother, and Father is Abed With Nervous Prostration.

(BY DIRECT WIRE TO THE TIMES.)

SEATTLE (Wash.), March 6.—[Exclusive Dispatch.] His mind fired with the delusion that he had committed a crime, and excitedly telling of his power as the divinity, Harry R. Hanford, youngest son of Judge C. H. Hanford of the Federal Court, was placed in a padded cell at the City Jail tonight, and his father lies prostrated at his home as the result of the tragic scene.

Young Hanford had been overpowered and bound by his father, Frank C. Chunes and D. M. Blaine, after they had made a hasty run in the police automobile to No. 1503 Tenth Avenue, North, the Hanford residence, where they found the young man rushing wildly up and down the street.

An investigation at the Hanford home revealed that there had been a dispute between the father, Frank C. Hanford, an older son of the judge, who received a slight cut on the hand, while the judge himself, in the struggle, fell heavily to the floor, and tonight is suffering from severe nervous shock.

Young Hanford, a fine-looking fellow, more than 6 feet in height and athletic in build—was nearly a match for the two patrolmen, and they had to use all their strength in placing him in the police automobile.

At the City Jail he also resisted and it required three of the guards to place him in the padded cell.

(INDIANS BALK BALLINGER.

Many Refuse to Sign Water Rights Required for Drainage of Reservation.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, March 6.—[Exclusive Dispatch.] That the reclamation service may know that the business men of Tottenish are vitally interested in the drainage of the Yakima Indian Reservation, a public meeting will be held there soon, of which C. H. Swigert, supervising engineer of the reclamation service, will be invited.

Good progress was made with the work of clearing the track and it was predicted that the line will be opened to Wellington by the end of the week. As soon as the track is cleared and the wrecking apparatus is on the scene, the removal of the dead will be greatly facilitated.

A large crowd of curious people went to Scenic from Seattle, Everett and Bellingham today, and many of them attempted the difficult trail to Wellington. They were not given a cordial welcome, the railroad men and county officials present making it plain to them that idle spectators are not wanted.

(SEATTLE RECEIVES DEAD.

(ASSOCIATED PRESS NIGHT REPORT.)

SEATTLE, March 6.—The bodies of seven Wellington avalanche victims were brought to Seattle last night. Among them were those of B. M. Barnhart of Spokane, Mrs. M. A. Covington of Olympia, E. W. Topping of Ashland, Or., and Miss Nellie Sharp of Spokans.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, March 6.—[Exclusive Dispatch.] A State-wide movement for the abolition of public drinking cups was started by the State Board of Health today. The board will call a civic, commercial and health bodies throughout California to take up the movement by asking for bubbling drinking fountains in place of disease-bearing cups.

The passengers on west-bound express No. 97, which is held at Field, have been caught between two slides, and which occupied the same fat as that which took the passengers caught in the Great Northern disaster at Wellington, Wash., last Tuesday.

The train, carrying more than 160 passengers, had stopped about a point and a half distance east of Field station, when an avalanche swept down the mountain, burying 1000 feet of track under twenty-five feet of snow and debris.

(PINHEAD SCORES CARNEGIE.

(ASSOCIATED PRESS NIGHT REPORT.)

Callis Steel Magnate "Soul Set of Philanthropy" and Graft Prosecutors "Reptiles."

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, March 6.—[Exclusive Dispatch.] Major J. McCarthy relieved himself of some very uncomfortable symptoms today in regard to the school board. Andrew Carnegie and others, in a speech at the dedication of the Hancock Grammar School, Rev. Father Caraher, in a speech said that the school board was the soul of the school system, drifted into the matter of the Philadelphia street car strike, and said that he hoped Mayor McCarthy would see that the Carnegie in this city were organized before his term expired.

To this Pinhead replied that it was rather a hazardous task, while the "reptiles" now in office refused to do anything in the graft cases.

Pinhead referred to Andrew Carnegie, who had tried to use his conscience by giving away libraries.

"But when God, his offer to give a library to San Francisco has not been accepted and never will be," he said.

MUST PAY FOR SILK ROBES.

Long Squabble Over Bills for Judicial Habilitments Settled by Counter-Coupling Up.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, March 6.—[Exclusive Dispatch.] Dr. F. Ollila, a famous veterinary surgeon, bought a pony and one two-year-old colt at the Mackay sale at this place this week. He has been shipped to San Francisco next Tuesday. Dr. Ollila will take the pony with him to Japan. The men who wanted to show they had been coming burglarly while murder was afoot in order to escape conviction for a number of which they were accused.

BUY THOROUGHBREDS.

WILL SHIP THEM TO JAPAN.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND, March 6.—[Exclusive Dispatch.] Traffic arrangements with Oregon Trunk Company, Willamette Valley Rejoices.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND (Or.), March 6.—[Exclusive Dispatch.] Traffic arrangements have been entered into by the Spokane, Portland and Seattle Railroad Company and the Oregon Electric Railway Company. In a month the road will be in position to compete with the Southern Pacific for business in the Willamette Valley. The management will afford the Great Northern and the Northern Pacific equal facilities.

Negotiations for such arrangements have been under way for some time. General Freight and Passenger Agent H. M. Adams of the Spokane, Portland and Seattle has now authorized the company to enter into negotiations, the negotiations having been successfully closed.

The arrangement will mean much to the Willamette Valley, because it will bring the trans-continent rates to points that heretofore were compelled to deal exclusively with the Southern Pacific.

SLOPE BRIEFS.

(Chief Dispatcher Killed.

SPOKANE (Wash.), March 6.—Henry Moyers, chief dispatcher for the Northern Pacific Railroad here, was killed early this morning while coupling cars in the yards in front of the depot. His body was caught between the "bumper" of two passenger cars.

The cold storage egg question was

not decided today, because additional

evidence will be gathered until then.

It is finally decided that storage

eggs must be labeled, showing that

they are being preserved by means of

refrigeration.

SCHERER TO SPEAK.
President of Throop Polytechnic, Pasadena, Will Deliver Address at Stanford University.

SPECIAL CORRESPONDENCE OF THE TIMES.]
STANFORD UNIVERSITY, March 5.—Dr. J. A. B. Scherer, president of Throop Polytechnic Institute of Pasadena, is to be the speaker at an assembly of the university community Wednesday to celebrate Founders' Day. March 9 is an annual university holiday, in honor of the founders of the Majestic is not one. But the speed with which the work is being done, combined with the increasing excellence of the book illustrations, makes it a great success. The book is in great shape and a great improvement seems to result.

The work of the company, which is being done by the official Burgomaster, is also very good.

The second visit of this Boston lyric comedy, and as he was a triumph of lines and sound. As a classic of singing this play shows a strong resemblance in its speed. The song being by Victor Herbert, it is no wonder that the ensembles are magnificently harmonized.

The play of the day, as may be remembered, concerns the cyclonic misadventures of a pair of young Americans, married in England and impounded by the British for jumping a board billiard player.

As a result of the trial, the man, while the other acts as a witness to the words who visit a small town in the United States. He gets into all sorts of trouble, and ends up with all sorts of it.

The final act of charity being the work of those who would be helped by the official Burgomaster, is also very good.

The two chief parts, Conductor Kidd Conner, were played by George and Stone, eccentric in their rose to fame in the world of Oz.

Quite a number of the regular 60-pound Ostermoor Mattresses, which sell ordinarily at \$30.00, specially priced at.....\$18.50

**Your Easter Gloves
Select Them Carefully**

One's gloves are, of necessity, a conspicuous feature of one's dress. It follows, then, that too much care cannot be taken in their selection and fitting. In both of these particulars we can be of great assistance:

For we do not confine ourselves to the exploitation of any particular make of gloves, but carry in stock the best of a dozen different lines—from this country and abroad; and we study the particular needs of each hand we fit.

Your gloves, as a consequence, when purchased here, not only fit in a superior fashion, but they wear indefinitely longer than those fitted in a haphazard manner, from stocks inadequate to supply gloves for short, broad hands, with short fingers, and the opposite extreme of long, slender hands and fingers.

We shall be very glad to give you the benefit of our years of experience in correct glove-fitting, without charge, and incoming arrivals have splendidly supplemented stocks already noteworthy for their goodness and diversity.

See the New Spring Woolens on Display This Week—Wool Goods Section

**The Coulter

SOX TRIMMED
VERY EASILY.

*Angels Heavers Too Strong
for Big Leaguers.*

*Visitors Do Fairly Well After
Long Car Ride.*

*Roth and Murphy Please the
Fans by Their Work.*

*Los Angeles, 12; White Sox No 1, 3.
The Sox fans who hurried out to
Chutes Park yesterday afternoon to
greet the second team of the White
Sox could hardly wait for the pack-
age of rain clouds if they really
came for the purpose of seeing a ball game,
for nothing like that was in sight.
There was a game, but it might be
considered as only a workout for both
teams.*

*When you ride a lot of tenderfeet
around in California for eight
days and nine nights and hardly give
'em time to play poker, even and in
addition to this disappointment make
them listen to hard-luck stories about
not getting through on time, maybe
as this siding ten days, guess we will
be hit by an avalanche, no chance to
practice, and the other lines of samples
that a spring-leading trip hands you,
and then ask them to play ball against
a Class A team, you are liable to get
nig for an answer.*

*That is what every one got yesterday as a prize in the first exhibition
game between the extra division of Sox
and the Angels. For the Sox were in
after their long and tiresome trip and
the Angels were hardly out for they
had but one week's practice.
They were not ready because under
such circumstances, but the fans prob-
ably got their money's worth in watching
the men go through the old and
well-known motions of playing ball.*

*The two teams that attracted the
greater part of the attention were
Third Baseman Roth and Outfielder
Murphy of the local team, for they
were in their first game yesterday.
Both did good work in hitting, but
no chance to show much in fielding.
Murphy had but one fly and Roth but
two outs, and no assists, but one of
the two errors was a real catch near
the left-field fence, that was a pipper.
The Sox was the real peak of the game in hitting and
Roth for his two hits and a triple
in five times at bat, also four runs
and one great assist to the plate, on
which he completed a double play.*

*Although knowing that the Sox who
arrived yesterday were not in condition to play ball, the fans
watched them closely, and considering
the long journey and lack of practice
they did very well. One might have
thought that the two pitchers had
ball on account of the low-side score
of 13 to 2, but this was not so, for
there were but few Sox errors.*

*The catastrophe was the fact
that the local players slapped the Sox
heavers all over the lot, and each one
of the three got his. A young Cy
Young, who had been in the lead in
the local made four runs off him in
the first inning, largely due to a miscel-
laneous collection of wobbles and
swats. Schreder, however, the next
one to take a turn, and the Angels
took a number of falls out of him for
four runs and seven hits, while Holm,
who pitched the final two innings, was
responsible for five runs and seven
hits.*

***TAKE LIFE EASILY.**
The Sox were not naturally playing
that hard but they probably did as
well as they could without straining
any nerves. Their feeling was far from
startling, one could see that they
knew what they were doing, even if
they did not execute it. None of their
chances were difficult ones, yet they
might have been able to do some fancy
work if they had had more room.
Too much railroad train was their
undoing, however, and they will prob-
ably do better after a good rest, if they
are lucky enough to get this.*

*Shane old very well at third,
as Tannehill did at short, but each
had an error or wild throw. Hahn
muffed a high fly after a run and Cole
boozed a ground out, but it
could be seen that all of these blunders
were due to either fatigue or un-
certainty, for the majority of the
chances were handled with decision
and skill, even though some of
those boys will stick through the season, but
no one could tell from the workester-
day which ones would be among the
regulars. It is impossible to
know from such playings, as is impossible
to know what was valuable for the locals
knocked the ball sixteen different ways,
and runs came in bunches.*

SIX PITTS USED.

*Each team tried three pitchers and
two catchers, and naturally the locals
made the better showing because they
are living at home and have had a
week's practice. Butler, Toser, and
Nolan were made of cast iron, and
each made a double in the first
inning. Butler, made the Sox's first
run; a pass, a steal, an error and an
out. Toser, however, in the second
inning, and in the fifth, when Toser
was having a pass and two doubles
resulted in the final run for the Sox.*

*The local heavers were given fine
superior baseball, but the game
Delmas hit Shaw in the back in throwing
to catch him at third. Roth, How-
ard and Delmas showed some pretty
work, handling the ball as if they were
in the middle of a game. Dr. Bernard
and Murphy in the outfield grabbed
everything that went their way in the line of fly balls. Daley
making a brilliant catch to catch Kruze
at the plate for a double play, this being
the only sensational stunt of the
game. The locals made too many
clean hits, and all of their
runs were very easy.*

*They got four in the first inning on
a pass, two sacrifices, two errors, a
steal, a walk, a single, a double, two
resulted from two singles, a double
a passed ball, wild pitch, an error, a
hit by pitcher and a fielder's choice.
A double and single made the run
in the sixth. Toser, however, in the
seventh and eighth doubles and an
out made the final two runs. It was
all in the ninth.*

**HOSP MAY YET BECOME
REDS' NEW LEFT FIELDER.**

(BY DIRECT WIRE TO THE TIMES)

HOT SPRINGS (Ark.) March 6.—[Exclusive Dispatch.] Frank Hoop, a clever young ball player, signed with the Reds at a pitcher, but that does not signify that Hoop and the box are to be associated during the season, instead, Hoop is giving Packer, who has been touted for the left-field job on the Reds, one of the hardest fights for his place ever known in big league circles.

Hoop has played two half games at that place, and has done wonderful work; has fielded his position admir-

ably, batted the ball as though he

wanted to kill it, and has shown almost

as much speed as any lines as

Bob Bescher, who is admittedly the fastest man in the National League.

Therefore, it begins to look as though Hoop is to be held for at least

two weeks. Gifford has changed

his mind.

Hooper, who has been touted for the purpose of seeing a ball game, for nothing like that was in sight.

There was a game, but it might be

considered as only a workout for both

teams.

When you ride a lot of tenderfeet

around in California for eight

days and nine nights and hardly give

'em time to play poker, even and in

addition to this disappointment make

them listen to hard-luck stories about

not getting through on time, maybe

as this siding ten days, guess we will

be hit by an avalanche, no chance to

practice, and the other lines of samples

that a spring-leading trip hands you,

and then ask them to play ball against

a Class A team, you are liable to get

nig for an answer.

That is what every one got yesterday

as a prize in the first exhibition

game between the extra division of Sox

and the Angels. For the Sox were in

after their long and tiresome trip and

the Angels were hardly out for they

had but one week's practice.

They were not ready because under

such circumstances, but the fans prob-
ably got their money's worth in watching

the men go through the old and
well-known motions of playing ball.

Two teams that attracted the
greater part of the attention were
Third Baseman Roth and Outfielder
Murphy of the local team, for they
were in their first game yesterday.
Both did good work in hitting, but
no chance to show much in fielding.
Murphy had but one fly and Roth but
two outs, and no assists, but one of
the two errors was a real catch near
the left-field fence, that was a pipper.
The Sox was the real peak of the game in hitting and

FIFTY MILES AUTO RECORD.Lingington With Little Corbin Stock Car Gives a
Wonderful Performance on Ascot Park Track, and in
a Grueling Race Defeats Great Eastern Driver Very
Handily.SUMMARY of Ascot park automobile races:
50 miles: Corbin, Al Livingston, driver, won; time 50m. 26 3-5s.;
world record for stock cars; Marmon, Ray Harroun, second; time
51m. 5-14s.; Marmon, Joe Marson, third.Ten miles, stock cars: Marmon, Harroun, won; time 10m. 21 2-5s.;
Marmon, Joe Marson, second; Cole, Bill Endecott, third.Five miles, stock cars: Marmon, Harroun, won; time 5m. 11s. flat;
Corbin, Al Livingston, second; Pennsylvania, Morris O'Donnell, third.Livingston is now the holder of the 50-mile world stock automobile
circular track record. His time of 50m. 26 3-5s. lowers the former mark
by 53 5-5s. The previous world stock car record was held by Robert
Bennett in a Buick. His time was 51m. 18s. flat.Three prominent automobile owners tried to sign Livingston for
the 1910 racing season, yesterday, at the conclusion of the Ascot Park
automobile races. He may join the Apperson racing team, which Leon
T. Shettler is managing, and become Harris Hanshue's racing mate.Another automobile world champion
was born at the horizon of the new
era yesterday at Ascot Park.
Al Livingston drove a Corbin
stock car to victory in the 50-mile race.
Ray Harroun, heralded
as one of the greatest drivers of
the day, was defeated in a grueling
race in which Livingston posed out
victor at one of the nerviest
times in the history of the world's
stock car record of 50m. 26 3-5s.
It will be hard to beat.Taking the stretches at a 50 second
a mile, and only slowing down slightly
the turn, Livingston and Harroun
got into a desperate duel for fifty
miles, with honors by winning the
race. Livingston had a 50-second
lead over Harroun on the back
stretch, but the right place.
Harroun directed a well-thrown hand
at Livingston, who was driving at
the same speed. The delay cost him his chance to win.At thirty miles Livingston was
tearing away at a clip that must
either wreck his car or make him a
world record winner. His time wasways at a speed close to a mile a
minute.Livingston made the twenty-ninth
mile in 5m. flat. It was too much for
Harroun. He drew up for a second.
The clutch of the Marmon was slipping.A frantic attendant threw dust
into Harroun's eyes, over the car
and everywhere but the right place.

DYNAMITE IN THEIR ROOMS.

Three Stylish Young Men in City Bastile.

Put Up Hard Fight Against Arrest by Officers.

Believed to Be a Desperate Gang of Crooks.

A desperate struggle between three dynamite men and Detectives McNamara and Carroll, yesterday afternoon, resulted in the arrest of J. J. Reynolds, C. E. Rogers and J. P. Vorwerc.

The detectives had been following the suspected men for more than nineteen hours, waiting to make certain as to the location of their apartments. As soon as this feature was learned the men were apprehended.

Waiting on the corner of Runyon and Fifth streets, the men saw the three men leave a small lunch counter. McNamara took Vorwerc and Reynolds, the latter having but one hand. There was a scuffle before the officer pinned down his prisoners. In the meantime, Rogers very nearly duplicated upon Detective Carroll the fate of former Police Captain Able.

Rogers carried two guns, an automatic and a revolver, and in turn made frantic effort to reach these weapons, while Carroll wrestled with him in an effort to prevent the bringing into play of the artillery.

Finally Rogers was overpowered and handcuffed.

The men were locked up at the Police Station on suspicion. They are believed to be San Francisco crooks, and the northern police were advised relative to the nature of their description.

The officers also believe that the trio came to Los Angeles to make some "easy money" through the smuggling medium. It was worthy of note that they were followed so long.

The officers expected to catch them in the act, and in this way hoped to get a fourth member of the gang.

The apartments occupied by the visitors were searched, but nothing of value was found. Several pieces of fuse ready for instant use, with caps attached, were found. There was a quantity of dynamite in the room, explosive material and four revolvers. Rogers was the only man armed at the time of arrest.

The prisoners are all young men, good looking and dressed like fashion models. They are color-grade clothing, and the latest of haberdashery, and would have passed anywhere without suspicion.

They will be held until a complete investigation of their conduct is made.

BIG OFFERS FOR OIL PROPERTIES.

CENTRAL OIL COMPANY REFUSES \$2,500,000 FOR HOLDINGS.

Its Property in the Whittier Field Comprises Over Two Thousand Acres—Offer of an Equal Sum Also Made for Property of the Mascot Oil Company.

Handsome cash offers constantly are being made for California oil properties of recognized worth. At a meeting of the directors of the Central Oil Company held Saturday, it was stated by the officers that they had refused a cash offer of \$2,500,000 for the entire holdings of the company.

The Central Company owns 2,200 acres of oil land in the Whittier field, of which there are fifty-two producing wells. The output of one of these wells, gravity, is producing 1,200 barrels of high grade oil a day, is sold to the Standard Oil Co. under contract for

The company's president, W. W. Nefty, for a first-class oil camp.

Bullis Stuer is president, and has been ordered to receive ten new rigs have been purchased recently, and the company prepared to loss to continue active development.

It is now understood that an offer also was made for the property of the Mascot Oil Company, Dr. Timothy Spalding is the company's president. The Mascot company produces three wells that are steady producers.

THE MAYS GUSHER.

COMPANY THAT OWNS IT. The gusher, said to be the biggest in the State, struck last week by the Mays Company, is on the May lease located on section 30-31-22, Midway district. The officers and directors of the Mays Company are: F. B. Chapman, Toledo, Ohio, president; Merrill Meiss, Jr., New York, vice-president; Charles H. Sherman, Midland, Cal., manager, secretary and treasurer; S. Frank New York, assistant secretary; J. D. Morris, Lederman, J. M. O'Brien, P. C. Coles, manager; E. W. Bailey, superintendent.

Oil men are interested in the strike of the Mays company for the reason that it proves that the oil strata extends far east in the North Midway district. All the oil companies support the well. It came in last Wednesday at a depth of 2,500 feet, and at that time Superintendent Bailey estimated that it was flowing at the rate of 10,000 barrels a day. It has since increased to clear across the sun, forty feet away. Since then the telephone reports from the district are to the effect that the well is flowing over 25,000 barrels a day.

FREIGHT DERAILED.

CHICAGO, March 8.—[Exclusive Dispatch.] A freight train was derailed at Vina, north of here, at 8 o'clock this morning, about one hundred yards from the Deer Creek Bridge. All traffic over the line was delayed and the overalls limited the Ogden and Chicago, northbound over the Shasta route because of washouts and damage causing for the track to be cleared. A car loaded with oil, the train was crossing the bridge, and 100 feet farther on the train was derailed, one car completely turning turtle and several others piling up across the tracks. No one was injured. A working crew was immediately at work clearing the track and the wreckage was removed this afternoon.

NAG THAT DOESN'T APPRECIATE A GOOD THING.

GOOD RECORD.
GOLDEN WEDDING IS CELEBRATED.

LIVE HALF-CENTURY WITHOUT A SINGLE TEMPEST.

Pioneer Residents of Los Angeles Are Surrounded by Relatives Who Assist the Venerable Couple to Pass Their Fifteenth Milestone of Married Life in Enjoyable Manner.

Fifty years upon the sea of matrimony without a single tempest or a squall between captain and mate is the record of Mr. and Mrs. Simon Pinto, the pioneer residents of Los Angeles, who celebrated their golden wedding at their home, at No. 251 North Hope street, yesterday.

Four generations sat down to the family dinner, which followed the reception to about 200 friends in the afternoon, the youngest member of the family being the one great grandchild, Louis Solomon, aged 10 months, of Mr. and Mrs. David Solomon of this city, and the oldest being the bride of fifty winters, aged 74, who outlasted her husband by one year.

The Pintos, who are natives of Germany, came to California in 1875, and for thirty-five years have boasted the interests of Los Angeles. Mr. Pinto retired from real estate, from a well-established local tailoring business.

Present at the reunion, besides the hosts of friends and acquaintances, who called to pay their respects to the aged couple, were their daughters, Mrs. N. Benjamin, and Miss Josephine Brongerber of this city, and Mrs. W. Denise of Bakersfield, ten grandchildren, and one great-grandchild. Miss Mary Steiner, a niece of the happy pair, came down from San Luis Obispo to surprise them.

The house was decorated with streamers of gold ribbon, while the seats of honor, where the old couple was entwined with yellow flowers. Elaborate refreshments were served.

PERSONAL.

John T. Anderson, a retired brewer of St. Louis, is a guest at the Alexandria.

He is touring the West and may continue his journey to take in the Orient. He is accompanied by his wife and daughter.

Richard Walton, a wealthy merchant of New Orleans, registered at the Van Nuys yesterday afternoon. He expects to be in Los Angeles several days as part of a winter trip through the West.

Dr. and Mrs. J. G. Carlton of Pittsburgh are at the Hayward. They expect to be joined by their two sons in San Francisco.

Mrs. Helen T. Montroy of Baltimore, Md., is at the Lankershim. She will spend the remainder of the winter with relatives in the Orient.

R. T. Cullen, a jewelry dealer of San Antonio, Tex., is at the Hollenbeck. He will be in Los Angeles a week or more.

Nathaniel R. Holmyard, a retired merchant of Charleston, S. C., is a guest at the Angelus. He is accompanied by his wife and daughters.

S. H. Markham, a wholesale tobacco dealer of Chicago, is at the Alexandria. He is on a business trip to the West for pleasure, and is accompanied by his wife and family.

Dr. and Mrs. Lawrence Templeton of Seattle, are registered at the Van Nuys.

G. F. Horner, an attorney of San Francisco, is a guest at the Lankershim.

Mrs. A. E. Gilbert of Cleveland, Ohio, is a guest at the Lankershim.

Mrs. William and Mr. William Ballie, No. 499 South Figueroa street.

N. C. Durton and wife of Denver, Colo., are a guest at the Alexandria. Mr. Durton is a grain dealer. He expects to visit relatives in San Francisco.

Kennel Club, assisted, possibly, by Paul Peiper, president of the California Kennel Club, and President Ford of the Pasadena Kennel Club, will start circulating recruitment papers to the Mayor and all the city solons except Gregory and Lusk, who voted against the ordinance.

"The dog has gone too far," declare the irate dog owners.

He has been found wading clinging to cliff walls either side. The dog, after biting, dropped from its jaws and head swinging from side to side, was running in a circle, occasionally snapping at whatever came in his way. The women were on their way to church and the mad dog swooped down upon them. Umbrellas and handbags had been dropped or thrown down upon them.

The dog was captured by an automobile man who notified police headquarters. Patrolman Thomas, who was walking the beat, was warned and hurried to the scene. The dog, however, was still clinging to cliff walls either side. The dog, after biting, dropped from its jaws and head swinging from side to side, was running in a circle, occasionally snapping at whatever came in his way. SAYED FROM SUICIDE.
The baptismal story told by Joseph
was a full one, long and detailed.
He was a broken man. I placed a
hand on his shoulder and clutched
it. He was ready to die. Suicide
was on the brink of his life.
But I don't care. I don't
care when I was inspired with
truth," said the "apostle." Then
he turned himself up and expanded his
body as he announced in strident
tones.

The Baptists could succeed in
getting him down to hell. I would
have to get away and ride right through
them on a chariot of fire to glory.

The congregation seemed to approve
of my chariot joy riding threats.

MAKING "SAINTS."

NEW RELIGION IS STRENUOUS.

"Apostle" Joshua Has Noisy Service in Tent.

Task of Cold Water Plays an Important Part.

World Dodge Trip to Hell by Chariot Joy Ride.

Unlisted and unheralded among the prominent manufacturers of this city is a plant which has its temporary headquarters on the northwest corner of Twenty-first street and Grand avenue. The article supplied by this concern is reputed to be of great value, and is produced in large quantities. The founder and manager of this big enterprise is J. W. Sykes, who has set up a canvas structure on a vacant lot and turns out a goodly supply of "sausages" from a wealth of crude material in ex-sausages.

Manager Sykes is better known to his followers and newly-created saints as "Apostle Joshua" probably because his real name is Joshua. He is a man who is the model of a kind of saint who is unique in this respect, and is found in all other religious cults and sects. In this there is no part of the article, it is paragraph, sentence, or phrase which they do not accept absolutely. The apostle says that there is nothing in the Bible which he wants done up and sent to him to look for allegories, similes, or hidden meanings. "We are old-timers," says Apostle Joshua. "We take the whole case to heart and leave no room for quibbling or argument."

There is no doubt of the sincerity of the little band, which flocks to hear the apostle's exhort. Stentorian "Hallelujahs," "Glory, Glory, Hallelujahs," and other such exclamations, make up the bulk of the service, and the apostle's words are repeated over and over again.

The "sausages" take life very seriously and are not trifled with, nor are they trying to entice possible un-

believers.

MODERN MIRACLES.

Apostle Joshua does not disbelieve in saints, and says that the day of such happenings is not past. In fact, he is told of some which had actually happened to himself. One night he was speaking at a meeting, and a woman came forward and said, "I have just seen a woman who was born dead, and who was brought back to life again." The apostle said, "I have seen many such cases, and I believe them to be true." The woman then said, "I have just seen a woman who was born dead, and who was brought back to life again." The apostle said, "I have seen many such cases, and I believe them to be true."

The "sausages" take life very seriously and are not trifled with, nor are they trying to entice possible un-

believers.

THE WEATHER

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, March 6.—(Reported by A. B. Weller, Local Forecaster.) At 1 o'clock a.m., the barometer registered 30.65; at 12 m., 30.66. At 1 p.m., the temperature showed 61 deg. and 64 deg. Relative humidity, 2 a.m., 97 per cent.; p.m., 46 per cent. Wind, 5 a.m., southeast, about 3 miles; 10 a.m., 10 miles; 2 p.m., 6 miles. Weather, 2 a.m., cloudy; 2 p.m., cloudy. Maximum temperature, 65 deg; minimum, 59 deg. Rainfall for season, 16.47 inches. Wind, to date, 16.50. Barometer, 24.46, 4 a.m. yesterday.

SAN FRANCISCO, March 6.—A storm over the North Pacific, causing rains along the Washington coast, has passed northward over the Pacific Northwest. An area of high pressure is off the Oregon coast, causing fresh northwest winds off the California coast and moderate winds along the California coast, but in other districts the change has been slight.

For San Francisco and vicinity: Fair Monday; light northwest wind.

For North California: Fair Monday; light northwest wind.

For South California: Fair Monday; light northwest wind.

For Arizona: Fair Monday and Tuesday. YUMA (Ariz.) March 6.—(Exclusive Dispatch from the U. S. Reclamation Service.) Gauge height Colorado River, 18.86 feet.

Classified Liners

James Classified Rates: The rate for advertising varies in The Daily Times to 10 cents for each insertion; in the Sunday edition, to 12 cents; in the Evening News, to 15 cents; in the Evening Journal, to 10 cents; minimum charge, 25c; except under following classifications, the rate for each insertion, the minimum charge, 25 cents: "Business," "Employment," "Personal Notices," "Church Notices," "Miscellaneous" and "Baths and Saloons."

"Lines" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11:00 o'clock Saturday night will be charged under heading "Too Late to Classify."

Sunday real estate advertisements, to be classified property, must be in the Times office before 10:00 o'clock Saturday morning.

The Sunday circulation of The Times exceeds 70,000 copies, and more "lines" are regularly printed in its columns than in all five other Los Angeles newspapers combined.

Telephone your want advertisements. Ring up "The Times" any time of day or night and secure prompt and careful attention.

The Times cannot guarantee accuracy or correctness of any of the items occurring in telephoned advertisements.

The TIMES will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

Advertisers should retain receipts given by The Times in payment for "lines," as no mistakes can be rectified without them.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

DECEIVING.

LOOKS MONIED,
ASKS FOR CASH.PASADENA MAN TELLS TALE OF
WOE TO VISITORS.

With the Air of a Millionaire He Savants Into Hotels and Then Proceeds to "Touch" Rich Men from the East—Laymen's Missionary Movement Grows.

Office of The Times, No 26 S. Raymond Ave., PASADENA, March 7.—Guests of big winter hotels are being worked by a man named W. Alexander Munroe. His plan is to walk into the hotel, turn over his cigar like a millionaire, and when he sees a man who looks like an easy money, he asks the clerk if the "gentleman is in his room." Then Munroe sends up his card. When the visitor appears Munroe states his little tale of woe, saying he has recently arrived in Southern California, that he has just run out of money and has a tune-down house in the hills of Los Angeles and would like a few dollars to get on his feet. In many cases he has succeeded in getting money.

Munroe showed up at the Maryland yesterday afternoon and worked two men before his presence was discovered and he was quietly asked to leave. Guests at other houses the same night that they had been "touched" for small amounts during the past week.

LIFE NOT A GAMBLE.

Dr. B. F. Fox, pastor of the First Congregational Church, spoke last night on "The Young Man Who Defeats Himself." In part he said:

"Any young man who succeeds as he works."

"He will succeed as he sows and fail as he fails to sow. Young men usually fail to see this and too many think that success is automatic."

The man who is rich at 60 is the man who learned to economize at 20. Ninety-nine out of 100 men get their wealth by saving, not by spending. In their younger days they save a little here and a little there and gradually the dollars began to increase, and when they are old they are wealthy. It is a kind of law of life. It is simply sowing and harvesting the crop.

"While there are some exceptions to this, nevertheless, it is generally true that all succeed as a result of frugality, honesty and integrity. We hear men talk about the man who is wealthy and who made his money by honest and frugal living. Young men never know the value of a dollar unless he earns it. The earning of the dollar and the saving of it breed frugality and economy. The average young man of today thinks that earning a fortune by a dollar at a time is slow. He wants to get it all in a chunk. He forgets that great success comes from a single dollar. Men become confused and get on the wrong track because they read in the papers of this man getting fabulously rich. They do not realize that a stock deal or this or that kind of a real estate investment, but they fail to look at the bottom. That fail to see what that man who made the great fortune got his start. These young men keep on going through life constantly thinking that some time or other they will by some chance stumble on a fortune."

"Right here in Pasadena the other day I saw a young man climb into a shoe shining chair and pay 10 cents for a shoe shine. He paid the bill and then affixed to do that. True he needed a shine, but he should have polished his own shoes. The man who cannot take care of 10 cents cannot be entrusted with \$100,000."

"I admire Andrew Carnegie for his early life. For his life when he saved his first dollar and worked hard and honestly he was worth many millions to himself. He learned out how one pair of hands could make one dollar and then he saw that many pairs of hands could make that many dollars. That child was 10 years old and died of diphtheria in the County Hospital Friday, and was buried in Mount View Cemetery, Pasadena, yesterday."

MEN'S MEETINGS.

One of the largest men's meetings ever held in Pasadena was that at the Pasadena Presbyterian Church yesterday afternoon, in the interest of the laymen's missionary movement.

Dr. J. H. Koolman, president of the Pasadena committee appointed to assist in working up enthusiasm for the big convention which will take place in Los Angeles next week, was present.

He reported that the movement had received much encouragement and that about 400 Pasadena men will attend the big banquet in May.

On Tuesday, special trains will be provided for those desiring to attend the convention and will leave Pasadena at 5:30 o'clock in the afternoon and return at 9 p.m.

The first speaker on the programme was Dr. John Willis Baer. "This great movement which is now sweeping over the country is growing rapidly," he said. "At the big convention in Los Angeles three things will come true. First, modern methods of communication will be made available; second, men on the field will be reinforced. Second, men in your own hearts will be re-lived."

Men and churches are going to be turned over. In some cases they will be turned upside down. There are men here before me who now know all their merits and on that basis will be turned over. At the end of that convention they are going to have also a great interest in this foreign missionary movement. Their contributions will be made a greater difference in our people in their ways and manners of thinking and doing things, than anything which has ever happened in this country."

Charles V. Vickery of New York, re-

RUSHES THROUGH FLAMES.

RANCHER RISKS HIS LIFE
TO RESCUE CARETAKER.

A CRESCENTA, March 6.—Risk analysis. The house being in darkness, he filled a lamp with gasoline, thinking it was kerosene. A moment after he had lit the lamp, the dripping of gasoline caught fire. He escaped, but barely in time to escape injury in the terror of the instant. The walls caught fire and the blaze spread rapidly from room to room. Only with the greatest difficulty was Koelman saved from cremation.

The house, which was one of the oldest landmarks in the valley, and was valued at \$5000, is in ashes. The insurance will fall short of covering

the cost of reconstruction.

Leinbouts returned from Los Angeles about 10 o'clock this morning to find his wife and children safe.

STUDENTS PLAN
NOVEL AFFAIR.THEY CALL IT A "PROGRESSIVE
POLYTECHNIC PARTY."

Object Is to Boost for Proposed
New High School—Wilmington Man Dies of Injuries Received in Runaway—Churches Will Fight Against
Sunday Pool Rooms.

LONG BEACH, March 6.—The boosters for the proposed Polytechnic High School have arranged a novel affair for tomorrow, which they call a "progressive Polytechnic party." Meetings will be held in the eight grammar school buildings of the district, beginning at 7:30 o'clock. They are divided into two groups of four buildings each. The first speaker after his ten-minute talk will open the door and proceed to the next school.

Measures Stephen Townsend, C. J. E. Taylor, Dr. L. A. Peter, Peter Hansen and Prof. J. D. Graham will rotate and speak at the Daisy, Atlantic, Pine and Burnett schools, while R. H. Young, Clyde Doyle, Paul Riley, Prof. David Burcham and Mrs. Myra Kingman Miller will rotate and speak at the Franklin, Orange, Westwood and Lincoln schools. The same topics will be handled in both circuits, and will be of an educational Polytechnic character.

The Board of Public Works has accepted the four-year plan recommended by the Fulton Marine Works at Terminal. It will be put in operation across the inner harbor channel as soon as water will be free.

DIES ON INJURIES.

JAMES CROWLEY, an old resident of Wilmington, who was run over by his own team in a runaway last Wednesday, died today at a local hospital. He was 49 years of age. The remains will be taken to Los Angeles for burial.

Cloudy weather did not deter a group of men from the city and the Pike and pier were thronged. At 1 o'clock Eugene Savage made a successful balloon ascension and parachute jump. Other concessions were busy, and a hundred took ocean trips on the launches.

The religious element of the city will make a strong fight against the proposed opening of a billiard and pool hall.

At all the changes were available for signatures, and received the endorsement of several thousand. These will be presented to the City Council Friday night. At the same time the business and mothers will present separate petitions against the ordinance.

ASSISTANT MANAGER.

A dispatch from Portland, Ore., says: "Having accepted an offer to go to the Valley, W. G. Thigpen, assistant manager, W. G. Thigpen, yesterday tendered his resignation as chief clerk at Hotel Portland. It is understood arrangements will be made to allow him to remain in the city until the summer recess, not later than March 15. Mr. Thigpen was kept busy yesterday receiving the congratulations of his friends. Those familiar with his advancement have come to Mr. Thigpen, who has looked after the 'front end' at the Portland for the last eight months."

This evening at the First Christian Church, the cantata, "In the House of Simon the Pharisee," under the direction of G. H. Waters, was presented by the soloists and chorus of the church. Those who participated in the production were: Mrs. Ethel Williams, Parker, Pleasant, Talbot, Teague, Taylor, Broser, Mosher, Palmer, Baker, Booth, Mimes, Outland, Stoker, Stoker, Cook, Cook, Whips, Dupee, Apperson, Gibson, Mimes, Baker, Alkire, Joss, Cason, Wilson, alti; Messrs. Waters, Baumham, Brown, Roe and Yoos; Mr. Wilson, Akers, Niles, Howell, Bakur, Priffon, Damon and Golder, bass.

The annual meetings of the Loop and Mesere and Canyon water companies and the yearly reports of the officers were rendered. The former directors of both companies were re-elected, thus: A. T. Currier, Frank Dole, W. H. Schureman, S. C. Pitzer and J. C. Deck. Mr. Currier is president and Mr. Schureman, vice-president.

R. J. Buchanan of Pittsburgh gave an address on "Christ and His Native Land," at Pilgrim Congregational Church this evening, illustrated with stereopticons of the Holy Land.

There was a large attendance.

The liquor case of Jean Fagot will not be heard before City Recorder Lee on Tuesday. A date will be fixed later.

Pierre Lanigan, who was convicted on Friday, will appear on Tuesday, unless notice of appeal to the Superior Court is filed meanwhile.

The Pomona branch of the American

Woman's League is growing at a rapid rate.

The second lecture of the course under the auspices of the Ladies' Aid Society of the Methodist Church was given by Rev. Dr. C. E. Twining of the Los Angeles Polytechnic High School. His subject was "Aeronautics."

Following the formation of the Citizens' Committee of Pasadena, a meeting was held in Herlihy Hall last evening and a Square Deal party organized at South Pasadena.

SOUTH PASADENA, March 6.—George M. Hunt died suddenly at his residence on A street, Sierra Vista, last morning. Heart trouble was the cause. The remains were taken to the undertaking parlor of Turner, Stephens & Berry. Funeral arrangements will be made later.

The news of the death of little Herman Morgan, son of Mr. and Mrs. J. Morgan, formerly of this city, but now living in Hollywood, reached us yesterday.

The child was 10 years old and died of diphtheria in the County Hospital Friday, and was buried in Mount View Cemetery, Pasadena, yesterday.

Now his body has been received by Long Beach Post, G.A.R., that Department Commander W. S. Danzenbeck and staff will pay an official visit on the evening of March 19. The local post office W.R.C. are arranging for a public reception.

Mrs. Emma Graves has resigned her position as teacher in the Eleventh-street school, and will be succeeded by Miss Merle Lovett of Los Angeles.

NEW YORK, March 6.—

A new rule has been announced that no one can attend the encampment of the California National Guards unless he has been a member of the company six months. This makes it impossible for young men to enlist merely for the summer months.

For young men who may be interested in enlisting, the following is the procedure:

County Clerk Keyes has presented the Board of Directors with a map containing the new apportionment of the city into voting precincts. For the next two years there will be nineteen in this city.

Following the organization of the county for two years, the Board of Directors will be apportioned to the Atascadero encampment this year.

3 p.m.: "The Land and Water," permanent exhibit at the Chamber of Commerce building on Broadway.

BUREAU OF INFORMATION.

Miss Branch Office, No. 111 South Spring Street.

NEWS AND BUSINESS.

Landscaping Pictures.

Starting today and continuing throughout the week and exhibition of all new landscapes will be shown down by Elmer Wachtel and Marion Mahanah Wachtel, at their studio on West Avenue 42.

Furniture.

A practical talk on the furnishing of the home will be given for the benefit of local housewives at the meeting of the Young Women's Christian Association today. The lecture will start at 12:30 p.m. and will be accompanied with water-color designs and samples of materials. The public is invited.

Death of Z. L. Lillard.

Zacharia L. Lillard, aged 44 years, died at his home, No. 1178 East Forty-fifth street Saturday afternoon. He had lived in Los Angeles since 1894, moving from the City of New Haven, Conn., where he was born. Since his arrival he had been engaged in mining. The funeral will be held tomorrow afternoon at 2 o'clock, under the auspices of the Palestine Lodge, 1111 Wilshire Boulevard. Interment will be at the Masonic Cemetery.

Change of Lecture.

Prof. R. Baumgardt will lecture to the club members at the Ebell Clubhouse this morning on the subject of "The Pines' Coming of Age." James L. Frazee, the constitutionalist, who was scheduled to address the meeting at "The Trall of the Pines," Friday, owing to an attack of illness in bed, is unable to fill his engagement.

Teacher Training.

Dr. Franklin McElfresh, international superintendent of the teachers' training work for the North American Conference, is to address a union meeting of professors of all denominations at the First Congregational Methodist Church at 10:30 o'clock this morning. "Teacher Training" will be his theme.

Evacuation Day.

The Massachusetts Society is planning an elaborate program for its second annual commemoration of March 7. Evacuation Day in Mammath Hall next Monday, Bishop Conaty will deliver an address on "The Irish in America." March 17, due to the wants of all loyal sons of Erin, is also commemoration day. United Library, in the early spring of 1775 Washington was strongly entrenched in what was then known as Dorchester Heights, Boston. From this entrenched position the British troops had been bombarding Boston, with no perceptible success, but on the 17th the British troops had become so depleted in number that Gen. Washington obtained to march his army through the city. It is in memory of this event that the Massachusetts Society will celebrate. Walter G. Lincoln is president.

BREVITIES.

Southern California Standard Guide Book by the Los Angeles Times. Price \$1. by mail, 10c extra. Address Times-Wan A. Hotel Roslyn Building, 119 N. Broadway, Los Angeles.

Dr. Logan, leading oculist, 415 Spring.

YOUNGEST HOBO ON RECORD.

Fifteen-month-old child rides passenger train's trucks while passenger Hunt for Kidnapper.

(BY DIRECT WIRE TO THE TIMES.) GALVESTON (Tex.) March 6.—(Exclusive Dispatch.) When Walter Williams, the fifteen-month-old son of Frank Williams, a stock man of Big Springs, disappeared from his home, the first fear was that he had been kidnapped. Using this theory, the authorities arrested several strangers about town.

No trace of the infant was found until word came from Barstow, 150 miles west, on the Texas and Pacific Railroad, that he had been taken from the trucks of a passenger train. Later reports informed the lawless parents that the baby was un-injured.

DEATH THWARTS REVENGE PLOT.

NURSES ENEMY IN ORDER TO KILL HIM.

Brother of Murdered Italian Takes Consummate Slayer into His Home. Says "It Was Good to See Him Dying by Inches"—Tells Police After Patient Dies.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, March 6.—(Exclusive Dispatch.) A strange and dramatic case of vengeance, nursed two years under a guise of friendship, with murder as the objective, and then thwarted by death, was revealed to Assistant Chief of Police Schuetter yesterday.

The story was told by Antonio Gazzolo, whose brother, Luigi Gazzolo, was murdered two years ago in the Italian district here.

Vincenzo Marreno was suspected of the crime, but no arrest was ever made, although the police scoured Chicago for the killer.

In the meantime the brother of the murdered man took Marreno, who was a consummate, into his home to nurse him to health, planning then, it is said, to kill him.

For two years Gazzolo nursed Marreno, hoping month after month that the sick man would recover so he could wreak his vengeance upon him. But Marreno died. Then the secret of the killing was unfolded to the assistant chief of police today.

"Why didn't you tell the police, so that the man could be arrested and punished?" asked Assistant Chief Schuetter.

"I wanted to make him well and kill him," answered Gazzolo.

I wanted revenge for my brother's murder. When I saw he was dying by inches, it was good to sit and watch him."

EXCLUDES POLITICIANS.

Nebraska University Decides Public Men Cannot Lecture in Extension Work Campaign.

(BY DIRECT WIRE TO THE TIMES.) LINCOLN (Neb.) March 6.—(Exclusive Dispatch.) Politicians, particularly those who are candidates for office or likely to become candidates, are henceforth to be barred as lecturers in the interest of the University of Nebraska extension work. The edict that the lecture fees forth from Chancellor A. C. Schuster.

"I wanted to make him well and kill him," answered Gazzolo.

I wanted revenge for my brother's murder. When I saw he was dying by inches, it was good to sit and watch him."

Missouri Horticulturist Orders Heater for Six-Hundred-Acre Orchard.

Some Apprehensions.

(BY DIRECT WIRE TO THE TIMES.)

COLUMBIA (Mo.) March 6.—(Exclusive Dispatch.) Dr. W. L. Howard, secretary of the Missouri State Board of Horticulture, today received word from D. C. Griffin of Riverside, Mo., asking him to inspect his orchard and see if it was safe to plant on the list for extension lectures.

The extension work was made a part of the university about a year ago.

Mr. McElroy, who has just concluded four years' service as state superintendent of Public Instruction, was placed in charge of the department.

The new order will, of necessity, hit such public men as W. J. Bryan, United States Senators Burkett and Brown, three of the six Nebraska Representatives in Congress, Gov. Shallenbach and many others who are already on the list for extension lectures.

The extension work was made a part of the university about a year ago.

Mr. McElroy, who has just concluded four years' service as state superintendent of Public Instruction, was placed in charge of the department.
